

2003 UNESCO-BIB WORKSHOP OF ALBÍN BRUNOVSKÝ

Date: September 7 - 13

Place: Moravany nad Váhom

Number of participants: 9

Organized by: BIB Secretariat, Bratislava

2003 UNESCO-BIB Workshop Coordinator: Barbara Brathová

Expert guidance by: Ľubo Pal'o, Slovakia

Topic: UNTRADITIONAL TRADITION

(The goal is to illustrate a traditional theme, a classic national fairy-tale, fable or myth, in an untraditional manner. The participants will search for an innovative pictorial interpretation of a children's picture book of 32 pages, which would attract the attention of current children. For an illustrator, this means the challenge of retelling the story through pictures. The text plays only a supplementary and motivational role, most important are the pictures.)
