

## 26th BIENNIAL OF ILLUSTRATIONS BRATISLAVA 2017

The opening ceremony for the 26th edition of the Biennial of Illustrations Bratislava (BIB) 2017 will take place in the historical building of the Slovak National Theatre in Bratislava on 8 September 2017. The venue of the BIB competition and other representative exhibitions **for the first time ever will be the Slovak National Museum**, Vajanského nábrežie No. 2. Hotel TATRA will host the International Press Conference on BIB 2015 on 8 September and the BIB International Symposium on 9-10 September 2017. The design of the premises for BIB 2017 was made by D&D Studio.

At the biennial, besides the competition and exhibition of the original illustrations for children's books, we traditionally introduce the winner of the previous edition of the Grand Prix BIB and the 2016 H. C. Andersen laureates for illustration and literature. We will introduce the collection of illustrations by **Laura Carlin**, who won the Grand Prix BIB 2015 for her illustrations. We will also present the works by **Rotraut Suzanne Berner** from Germany who won the 2016 H. C. Andersen Award for illustrations. Alongside an exhibition of the original illustrations by the winning authors there will also be a display of the book publications and text about the laureate of the 2016 H. C. Andersen Award for literature, **Cao Wenxuan** from China. A novelty will be a presentation of the collection of awarded illustrations from the NAMI CONCOURS competition in South Korea.

The biennial, alongside the exhibitions in the House of Art also organizes accompanying exhibitions in international cultural institutes as well as in several Bratislava galleries. BIBIANA, the International House of Culture for Children, will house an exhibition of works by a young Slovak illustrator, **Veronika Klímová**, who won the Mayor of the Capital City Bratislava Award at BIB 2015. We also are preparing the exhibition **Migrations** in cooperation with University of Worcester (United Kingdom).

Presentations do not mark the end of BIB. The International Jury, consisting of book culture experts from various countries, will first decide on the BIB awards (Grand Prix, 5 Golden Apples, 5 Plaques and an Honorary Mention to a publisher), followed by a meeting of the International Committee and the BIB International Symposium. The theme for this year's symposium is: "Art versus Commerce. The role of artistic illustrations in today's world of commerce. Original and unconventional strategies by illustrators" The symposium will be facilitated again by art historian Mgr. Viera Anoškinová. A Book of Miscellanies that includes a picture supplement will be prepared, as usual, after the end of the biennial.

A week-long international working seminar, the BIB-UNESCO Albín Brunovsky Workshop is an indispensable component of BIB and will take place following the end of the symposium. This year the venue of the workshop is the mansion in Mojmírovce pri Nitre. The workshop will be conducted by an important Slovak illustrator, **Juraj Martiška**. The topic of the workshop is **folk fairy tales**. The original illustrations created during the workshop will be included in the promotional catalogue and presented at local and international exhibitions.
